Elastic on hood:	black elastic cord	2 hood end caps	
Elastic on back:	30 mm wide elastic band	Seam sealer ribbon	
Elastic on back in lining:	10 mm wide elastic band		
Elastic on back lining:	10 mm wide elastic band		

## DESCRIPTION

This PPE corresponds to an anorak type jacket with padded lining, with a functional design and that fastens down the front with a double slider zipper. The zipper is protected by a storm flap that fastens with 6 snaps. The high collar houses a roll-away hood that adjusts with an elastic draw cord. The jacket includes three pockets: two on the outside with storm flaps and zippers are located towards the base of the jacket in line with the hip. The third pocket is interior at chest height and has a velcro flap closure. The sleeves have interior windbreaker elastic cuffs. The back includes an elastic band for closer fit.

As an additional protective element, this PPE includes anti-absorption barriers on the base of the trouser legs to prevent dampness from extending into the thermal lining.

**AVAILABLE COLOURS:** Blue - Red - Green

**AVAILABLE SIZES:** P, M, G, E

## STANDARDS:

This garment complies with the requirement of REGULATION (EU) 2016/425, EN-ISO 13688:2013, EN 14058:2017 and EN 343:2019 for this PPE.
